Not upto the mark

(Principal comments)

- Maintenance is less.
- regular orientation required.

(As no classes going today asked to write student opinion) Sameera

19. Classroom observation. Please sit in and observe the transaction in a class and note the following. Is the teaching learning process interactive? What kinds of questions are asked by teachers and by the student-teachers? Do student teachers seem to be involved? Does the teacher seem to be prepared?

Yes the teaching learning process is interactive.

Questions like are asked by the teachers to improve the creativity and logical thinking of the students. This question were also used in constructing the knowledge of the students and also in evaluation process. Teachers teaches the subject by connecting it with real life aspects.

Yes the student teacher seem to be involved and teacher seem to be prepared
