

Mehra ji (Sept 7 2017) at CTE Dharamshala. (Introducing NESTB 2012)
CSCERT) GCTE, HP

- Director of Elem. Ed. wasn't in favor of restructuring DIETs.
- New CTE, IASE for HP proposed in 2012-13.

Existing institutes can be updated towards creating these institutes. New ones can't be created due to structural problems.

- SSA/RMSA conduct self-styled training. They do not have the mandate to train school educators.
- Fund flow from Centre to CTE/SCERT is delayed by one year, as Directorate of Higher Ed. is the intermediary.
- Training regions are divided among the CTE and the SCERT based on geographical limitations. There is no prescribed curriculum for training.
- There has been a demand for separate cadre and separate directorate for teacher education.
- Teacher Education is not recognized as a profession.
- Entrance tests are a necessity for govt. institutions as they generate funds. This becomes useful as state/centre has already reduced fund flow to colleges.
- Institutes providing B.Ed. degrees →
→ Govt. : Private :: 2 : 74.
